IDEXLYON FELLOWSHIPS

IDEXLYON CALL FOR PROPOSALS

Our fellowships are awarded to researchers with the talent and ambition to become our future research leaders. Join our vibrant community and inspire world-changing research.

PRESENTATION

- **Launching date**: December 18th 2017
- **Closing date for applications**: March 30th 2018
- **Objective**: To promote the academic excellence and the international attractiveness of the Université de Lyon, the IDEXLYON project launches a call for proposals to attract outstanding scientists, with a strong international track record. The three-year long IDEXLYON fellowships will give them considerable resources to develop their research program, their work environment and a team to ensure sustainability beyond IDEXLYON support. The call for proposals is designed to award up to 6 experienced researchers and faculty members with an international track record.

- **Requirements**:  
  - Work-experience of the last 5 or 6 years outside the site of Lyon Saint-Étienne, including at least 2 years in a university or institution abroad.
  - Track record: Mid-career/future PI (for experienced researchers or faculty members who can lead a research team).

- **Selection criteria**:  
  Candidates will be evaluated based on the following criteria:
  - Quality of the scientific project. An innovative educational approach is an advantage.
  - World-class research and ability to lead a research team, including obtaining funding.
  - Structuring impact of the project (in terms of research and training) and coherence within the major themes of IDEXLYON:
    - « Bio-Health and Society »
    - « Sciences and Engineering »
    - « Humanities and Urbanities »
PRACTICAL INFORMATION

- **Type of support**
  IDEXLYON will fund a maximum total of 1.2 million euros. This 3-year fellowship may cover:
  - PI’s salary
  - Salaries for PhD students and postdocs
  - Costs for research, training and research environment
  The PI and its team will be host in one of the member institutions of *Université de Lyon*. The support of institution will at least cover:
  - Facilities for the team
  - Access to scientific equipment
  - Support in project engineering for national and international calls for proposals

- **Duration of the fellowship**: 3 years
- **Maximum amount of the funding**: 1.200.000 euros for each fellowship
- **Timetable and selection**:
  - Candidates must apply at the latest on March 30th 2018.
  - The Executive Board of the IDEXLYON will select the best applications after review by experts appointed by the Scientific Advisory Board (SAB), and after consultation with the Academic Group (more information on IDEXLYON governance: [IDEXLYON governance web page](#)). Interviews of the candidates will be organized.
  - Winners will be notified at the latest at the end of June 2018.
  - Funding will start on September 1st 2018.

HOW TO APPLY

- **Applications** must be submitted before March 30th 2018 on the web platform:
  [IDEXLYON Fellowships / Call for proposals link](#)

- **Questions** concerning this call for proposals must be sent to: [pia@universite-lyon.fr](mailto:pia@universite-lyon.fr).
